Located on Sheppard Avenue East, just east of Highway 404, the 19-storey tower designed by Turner Fleischer Architects, offers homeowners the opportunity to savour life in the heart of North York. Parfait will feature 235 residences, ranging from one-bedrooms up to 1,574-square-foot three-bedroom layouts.

"The larger suite layouts at Parfait have been designed with focus on the lives of our future residents and how they will use the space," says Jim Ritchie, senior vice president, Sales and Marketing for Tridel. "It's the perfect place for purchasers who are seeking quality construction, chic design and a desirable

outdoor terrace, and a private dining room with prep kitchen — everything residents need to be the host with the most while entertaining guests.

Or if it's a good sweat you're after, the fitness centre, yoga studio, exercise pool and men's and women's steam rooms should do the trick.

For residents looking to spend the day shopping or for a night out on the town, Parfait is perfectly situated moments from Fairview Mall and its restaurants, entertainment outlets, and

fashion-forward shopping. The urban, outdoor Shops at Don Mills and chic Bayview Village Shopping Centre are also nearby, and residents at Parfait will also surely enjoy the abundance of services, retail and dining options along Sheppard Avenue.

Getting downtown or out of town is easy and convenient with Atria's proximity to the Don Mills subway station and TTC routes plus Highways 404, 401 and the Don Valley Parkway.

Aligned with Tridel's commitment to building environmentally responsible, energy efficient condominiums, Parfait — like the previous phases at Atria — will be constructed to meet Tridel's Built Green Built For Life standard, and will overlook the community's large landscaped park, tree-lined streets and circular courtyard, all designed by world-renowned landscaping firm Janet Rosenberg & Studio.

And while the Atria community was named the best-selling condominium community in 2011 following the launch of its first phases, Alto and Parkside, its final phase, Parfait, will be the crème-de-la-crème of this successful and sought after North York community.

"We've saved the sweetest for last," says Ritchie, with a nod to the project's name. "With so much to offer both within this building, from luxurious suites to ample amenities, and all around it, along Sheppard and beyond, Parfait really is the cherry on top of our Atria community." **CL**
